

Partnership Opportunities

Organizations can support the Cursor Kigali Hackathon through financial, in-kind, technical, logistical, or combined contributions.

Examples of support may include:

- Financial sponsorship
- Venue provision
- Internet and connectivity infrastructure
- Prize sponsorship
- Cloud and AI credits
- Catering and refreshments
- Event equipment and logistics
- Merchandise and swag
- Media coverage and promotion
- Mentorship and technical expertise
- Judges and workshop facilitators
- Transportation support

Sponsorship levels are determined by the overall value and impact of a partner's contribution. Contributions may be financial, in-kind, technical, logistical, or a combination thereof. The organizing team will work with each partner to identify the most appropriate sponsorship level based on the nature and scale of support provided.

Sponsorship Packages
